Bureau of Internal Oversight Audits and Inspections Unit

3rd Quarter 2025 Emails InspectionInspection # BI2025-0140

The Bureau of Internal Oversight's (BIO) Audits and Inspections Unit (AIU) will conduct Email inspections quarterly. The purpose of the inspection is to ensure compliance with office policies and to promote proper supervision. To achieve this, inspectors will randomly select a total of 50 employees and inspect a single month of their emails as follows:

- Month 1: AIU will randomly select 17 employees and inspect one month of their emails.
- Month 2: AIU will randomly select a new set of 17 employees and inspect one month of their emails.
- Month 3: AIU will randomly select a new set of 16 employees and inspect one month of their emails.

To ensure the inspectors' consistency, the Email Inspection Matrix that was developed by the AIU will be utilized.

During this inspection period, a random sample consisting of a total of 50 Office employees (which equates to a total of 17 for the first two months and 16 for the third month) were selected for inspection utilizing rosters provided to the AIU by the MCSO Payroll Department in an Excel spreadsheet. The random sample was generated using the Excel randomizer feature. The selected Employees' Outlook accounts were uniformly inspected utilizing the Email Inspection Matrix.
