

MARICOPA COUNTY SHERIFF'S OFFICE

Bureau of Internal Oversight

Audits and Inspections Unit

Passenger Contact Inspection: August 2025

Inspection Report # BI2025-0121

The Audits and Inspections Unit (AIU) of the Sheriff's Office Bureau of Internal Oversight (BIO) conducts passenger contact inspections on a monthly basis to ensure proper supervision, adherence with MCSO policies, compliance with the Melendres Order and established local and federal law. A total of 35 traffic stops are selected each month for review. To achieve inspection results the inspector will utilize the Vehicle Stop Contact Form, Citation/Warning, Incidental Contact Receipt, CAD printout, JWI Printout (if applicable) AIU-designed Matrix, Inspection Report Template Form, and Body-Worn Camera footage files.

Inspection BI2025-0121 examines traffic stops with passenger contact documented on the Vehicle Stop Contact Forms contained in the TraCS database for the time period of 8/1/2025 to 8/31/2025. To accomplish this task TraCS data was examined for those traffic stops with passenger contact documented on the Vehicle Stop Contact Forms for this period. These stops have been uniformly inspected utilizing a matrix developed by the Audits and Inspections Unit in accordance with the procedures outlined in policy and the AIU Operations Manual. In the inspection, a "reasonable person" standard will be utilized by inspectors.

Compliance Objectives:

- Did the deputy identify any passenger(s) by name, DOB, or ask investigative questions?
- Did the deputy complete a citation, warning or incidental contact form for each individual who was identified by name, DOB, or asked investigative questions?
- Did the deputy provide a copy of the citation, warning or incidental contact form to each individual who was identified by name, DOB, or asked investigative questions?
- If a passenger was contacted, did it cause the stop to be extended longer than necessary, if yes was the reason indicated on the VSCF?

Criteria:

- MCSO Policy EA-11, Arrest Procedures
- MCSO Policy EB-1, Traffic Enforcement, Violator Contacts, and Citation Issuance
- MCSO Policy EB-2, Traffic Stop Data Collection
- MCSO Policy GJ-3, Search and Seizure
- MCSO Policy GJ-35, Body-Worn Cameras

Conditions:

MCSO is to randomly select 35 traffic stops meeting the criteria for review. During the month of August 2025 there were 52 traffic stops with passenger contact documented on the Vehicle Stop Contact Forms, 35 of which were randomly selected for review. Additionally, 10 of the traffic stops meeting the criteria are to be selected for Body-Worn Camera review. Due to rounding during the selection process, 11 stops meeting the criteria were selected for BWC review.

Results:

Each traffic stop will be counted as one inspection and all applicable matrix criteria inspection points will factor into an overall compliance score. Each traffic stop utilizes four matrix criteria inspection points for a total of 140 potential matrix criteria inspection points. From the total of 140 potential inspection points those determined to be Not Applicable (N/A) or Not Verified will be removed from the overall compliance percentage. For example, this month there were three inspection points determined to be N/A and no inspection points that were not verified, resulting in 137 total inspection points.

The compliance rates of the provided traffic stop sample, utilizing the four matrix criteria inspection points, resulted in an overall compliance rate of **100.00%** for August 2025, as illustrated in the graph below.

Results of the review of traffic stops with passenger contact documented on the Vehicle Stop Contact Form:

Inspection Elements	In Compliance	Not In Compliance	Not Verified	N/A	Total Inspected	Compliance Rate
Did the deputy identify any passenger(s) by name, DOB, or ask investigative questions?	34	0	0	1	34	100.00%
Did the deputy complete a citation, warning or incidental contact form for each individual who was identified by name, DOB, or asked investigative questions?	35	0	0	0	35	100.00%
Did the deputy provide a copy of the citation, warning or incidental contact form to each individual who was identified by name, DOB, or ask investigative questions?	33	0	0	2	33	100.00%
If a passenger was contacted, did it cause the stop to be extended longer than necessary, if yes was the reason indicated on the VSCF?	35	0	0	0	35	100.00%
Overall Compliance with inspection requirements	137	0	0	3	137	100.00%

Conclusion:

Of the **140** potential matrix criteria inspection points, **137** of which were used to determine the compliance calculation, there were no compliance deficiencies resulting in a **100.00%** compliance rate for **August 2025**.

Action Required:

With the resulting **100.00%** compliance rate for Inspection **BI2025-0121**, no BIO Action Forms are required.

Date Inspection Started: 9/22/2025
 Date Completed: 9/30/2025
 Timeframe Inspected: 8/1/2025-8/31/2025
 Assigned Inspector(s): Auditor David Paul B5459

I have reviewed this inspection report.
